FLOAT AND PARADE VEHICLE REQUIREMENTS
California Fire Code Appendix Chapter I
Section 102.8FPB

I. PURPOSE

This policy is intended to clarify the requirements for the use of a float or parade vehicle in a public performance, presentation, spectacle, entertainment or parade.

II. SCOPE

This policy establishes minimum regulations for the operation of a float and parade vehicle.

III. DEFINITIONS

PARADE FLOAT: A unit especially designed or constructed for use in conjunction with a parade or public gathering.

PARADE VEHICLE: A self-propelled wheeled conveyance not running on rails used in conjunction with a parade or public gathering.

IV. PERMIT REQUIREMENTS

1. A permit is required for any parade float used in the City of San Diego. It is unlawful for any person, firm or corporation to use or engage in any activities for which a permit is required, without first having obtained such permit.
2. All decorative materials used shall be inherently fire-resistive or treated with an approved flame retardant.
3. All motorized apparatus shall be provided with a fire extinguisher with a minimum UL rating of 2-A-10BC accessible to the operator. The extinguisher must have been serviced within the last year and have a California State Fire Marshal service tag attached.

In lieu of a California State Fire Marshal service tag, a receipt listing the extinguisher, the store from which it was purchased and the date of purchase must be affixed to the extinguisher. The receipt must be dated within the last year.
